# Fortified-rice makers worry as Pb agency to re-empanel them

## Pungrain Re-Issues Request For Proposal

Neel.Kamal  
@timesofindia.com

**Bathinda:** Punjab State Grains Procurement Corporation (Pungrain) has set the ball rolling to restart the process of empaneling manufacturers of fortified rice kernels (FRK) for supply to rice millers, midway through the ongoing kharif marketing season.

The move has come as bad news for those involved in the rice trade, as the season is in full swing. FRKs are tiny, rice-shaped grains made from rice flour mixed with essential vitamins and minerals, blended with regular rice to combat

### No disruption in sales, says official

Punjab food and civil supplies director Varinder Sharma, when contacted, said that the standard operating procedure (SOP) about supply of FRK will continue until the new L1 bid is accepted and manufacturers are empanelled. The SOP will be reviewed after Feb 5, and until then all FRK manufacturers are bound to supply FRK until the issuance of the 'letter of award' under the new RFP. "No disruption in supplies will be allowed, and appropriate action will be taken against FRK manufacturers violating the SOP, and there is no confusion about it among the rice millers," he said.

malnutrition.

After procurement at mid-season, paddy is sent to FRK millers for fortifying the grains. It is then sent to a custom rice miller (CRMs), who mills it and blends it with FRKs before delivering as custom milled rice.

Punjab State Grains Procurement Corporation (Pungrain) on Monday re-issued a request for proposal (RFP) for empanelment of FRK manufacturers for supplies of FRK to rice millers. The bids were invited until Feb 5, 2026. Earlier, 126 FRK manufacturers were empanelled to supply FRK for the

khafir marketing season 2025-26 in Sept 2025, and some supplies were made.

Sources said that as the manufacturers were not ready to supply FRK at the fixed price of Rs 39.48 per kg, and supply of rice to the national pool was suffering, the department decided to go for new empanelment at new bid prices. The rice millers, on their part, said a confusing situation developed about the supplies at the prices fixed earlier. They said many rice millers placed orders with FRK manufacturers, which were accepted and paid for, and

significance as, in 2022, Pakistan authorities removed an 8-foot-tall metal statue of Hari Singh Nalwa from Sidiqia-i-Akbar Chowk in Haripur district, a district named after the Sikh general himself. The statue, installed as part of a city beautification plan, was taken down following objections from religious groups, prompting a strong condemnation from the SGPC and Chief Khalsa Diwan after videos of its removal went viral.

ritage and history in the region.

The project was conceptualized by the founder president of Sikhs in America, Gurinder Singh Josan, with renowned sculptor Jagdeep Singh Billing, under the chairmanship of Kulwant Singh Deol. The development was widely welcomed by Sikh bodies globally, especially against the backdrop of past controversies surrounding Nalwa's legacy in Pa-

kistan. Sardar Hari Singh Nalwa was one of the most formidable generals of the Sikh Empire under Maharaja Ranjit Singh and is credited with saving the north-western frontiers of the Khalsa Kingdom. As the governor of Kashmir, Peshawar, and Hazara, Nalwa played a decisive role in halting repeated invasions from Afghanistan, pushing Sikh rule up to the Khyber Pass for the first time in history.

## Global ambitions mean little if Punjab remains restricted: Lop

**Chandigarh:** Punjab leader of opposition and Congress functionary Partap Singh Bajwa on Monday expressed concern over the Union govt's claims of export-led growth for Punjab following the India-European Union Free Trade Agreement (FTA), stating that rhetoric without infrastructure and policy support would leave Punjab excluded from its benefits.

Referring to Prime Minister Narendra Modi's address to Punjabis in Jalandhar on Sunday, Bajwa said that while the Prime Minister spoke of sending goods to Europe under the India-EU FTA, the ground reality in Punjab made such assurances deeply questionable.

"The Prime Minister spoke about new export opportunities to Europe. The question Punjab asks is simple: how can our goods be sent competitively when the state itself is commercially chained?" Bajwa said.

He pointed out that Punjab's natural advantage as a land-linked border state was rendered meaningless. "The land border remains closed. Overland trade routes to Eurasia and onward to Europe, which are the most cost-effective and efficient for Punjab, are unavailable. Exporters are forced onto long and expensive sea routes," he said.
